

WHO WE ARE

Davenport Manufacturing Group, LLC is a value added, ISO 9001:2015 Certified, metal fabrication and custom enclosure manufacturer to major OEMs and contractors throughout the United States and Canada.

For every engagement, we bring our unique combination of functional expertise to **minimize or eliminate risks that cost time and money.**

We interface closely with customer representatives and our teaming partners to **prevent surprises and prioritize requirements.**

Since 1976, DMG has evolved and expanded, through strong and steady growth, to a world class metal fabrication facility with state of the art automation and integration.

With 30+ employees and a 130,000 square foot facility, we have the processes expertise and dedicate team to deliver on every project or part.

DIFFERENTIATORS

- **One of only a handful of suppliers in the Midwest with full end-to-end in house custom and production metal fabrication and finishing operations to control quality and cost..**
- **Technical Expertise.** We have in-house specialists for every functional area required, from cutting, through fabrication and finishing (powder coating and assembly) that enable DMG to reduce cost and deliver superior products.
- **Robust Product Delivery Process.** DMG's enhanced product delivery process has been has been recognized by our clients as a model by which they measure other suppliers. On average, our clients save **4% - 6%** on the total landed cost of product.
- **Consistent Performance.** A proven track reputation for high quality, efficiency, innovation, and on-time delivery.
